

IS3D Student Checklist

Students interested in transitioning to the IS3D major should complete the steps outlined below in the order in which they're presented. *Slight* deviations in the *order* of completion can *sometimes* work, but they should be confirmed with the IS3D adviser in advance, as some deviations can complicate, and even threaten altogether, the transition.

1. ____ Visit the IS3D website and use the materials provided there to draft a *master plan*
2. ____ Visit the IS3D advisers (in person or via email) to present and discuss the *master plan* draft
3. ____ Revise *master plan* draft (if necessary)
4. ____ Get approval of final *master plan* from the IS3D advisers
5. ____ Get approval of final *master plan* from the three department advisers
6. ____ Deliver fully approved *master plan* to the IS3D advisers
7. ____ Check your degree evaluation in the WebPortal to see changes (takes ca. 2-3 weeks)

Resources:

IS3D website: <http://is3d.sdsu.edu/>

Google (for everything else): www.google.com

Important Points to Keep in Mind

Advising Calendar: check the IS3D website for current advising hours: <http://is3d.sdsu.edu/>

Changes to Approved Master Plans: Must be requested formally with a RAAR form.

To access the various RAAR forms:

<http://is3d.sdsu.edu/requesting-changes>

To add study abroad classes to a master plan:

<http://is3d.sdsu.edu/requesting-changes>
